"Dear Sir,

I live at 218 Reno St. Clarksburg, W. Va.
I am a house wife, & have 2 children
ages 3 and 4. I am 30 yrs. old. My
husband is a factory worker & his 33.

I would have wrote sooner, but I
did not have your address. It came
out in our news paper a few days ago.

I have read many articles about (U.F.O's)
I saw an object shaped like two cameras
put together () last October 1965. Its
color was a light blue with a touch
of green, and had a bright glow to
it. It was about 6 A.M. It was in
the sky about as high as a low
air plane flies. It was at a stand
still, but it appeared to be spinning
like a top. Then the light went out
and when the light came back on it
was about 200 3 feet off the ground.
Then the light went out and when
it came back on it was up in the
sky again. It did that all the
way across the field in front of

my house, as far as I could see
untill it went out of sight.

A couple of weeks later, about
7 P.M. I saw in the sky, in the
same direction as the other object,
a large round shaped shiny ~~object~~
object (O) that shined like the sun
shining on a piece of chrome. It
was as large as the sun looks to
us. It was not moving it seemed
to appear from out of nowhere. Then
it turned a dull gray color about
the same color as the sky. If I
hadn't been watching it when it turned
dull I would not have been able to
see it. In about a minute an air-
plane came by, flying between me
& the object. When the plane was
about 2 miles away the object became
real bright again for about 30 to 40
seconds, and then it vanished out
of sight. I didn't see it again. I
don't know where it went. It just
disappeared.

I hope what I have told you
will help you in some way, and
I hope you will be able to find
out what they are.

I would like any information
that you can send me about
(W.F.O's) I am deeply interested.

If necessary I will pay the postage.
If I can be of any further help
to you, please feel free to contact
me.

I swear as God as my witness
that what I have told you is true.

Yours Truly
